

STUDIO E / MOTIONS  
ABOUT US

## PHILOSOPHY

Studio E/Motions philosophy is a One - Stop Completions Agency, dedicated to excel Customer expectations. We focus only in VVIP, Head of State, Corporate and Special Missions Completions and Refurbishments Programs.

The Complete Program services, may start from the initial aircraft purchase to final re-delivery, thus interfacing with the OEM and the Completion Centre from the early stages. Our services focus on the entire process from initial design concept, to Customer Aircraft Acceptance.

This process consists of various segments, which we offer independently from each other as well, thus providing you with the most specific, customized service. Creativity, expertise, attention to detail and commitment to excellence, are the founding pillars of Studio E/Motions.

With over 20 years in the industry, Studio E/Motions has built strategic alliances with Customers, OEMs, Aviation experts, Completion Centers, and Vendors to create a "win-win" partnership in assessing needs, trends and developing innovative designs.

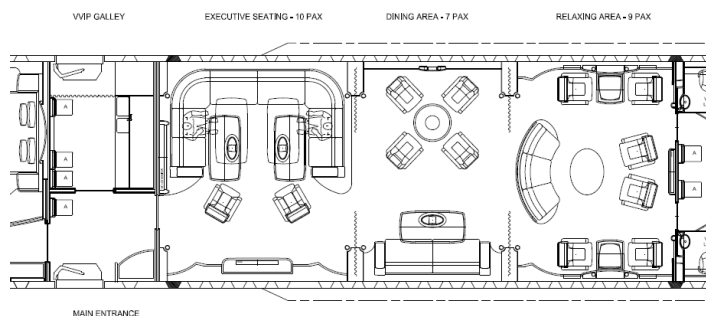

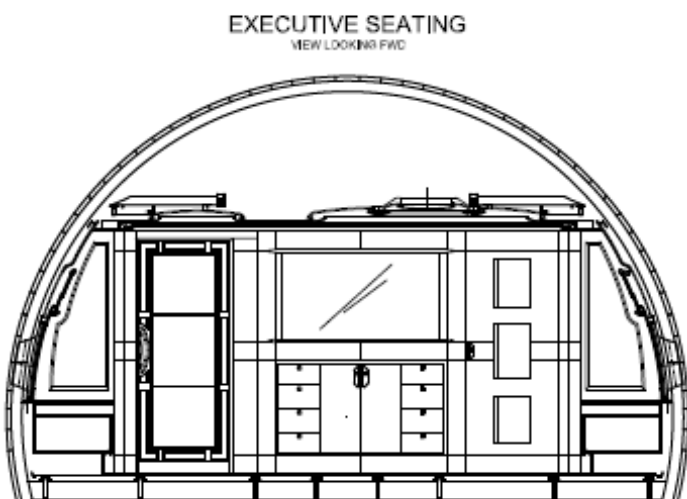

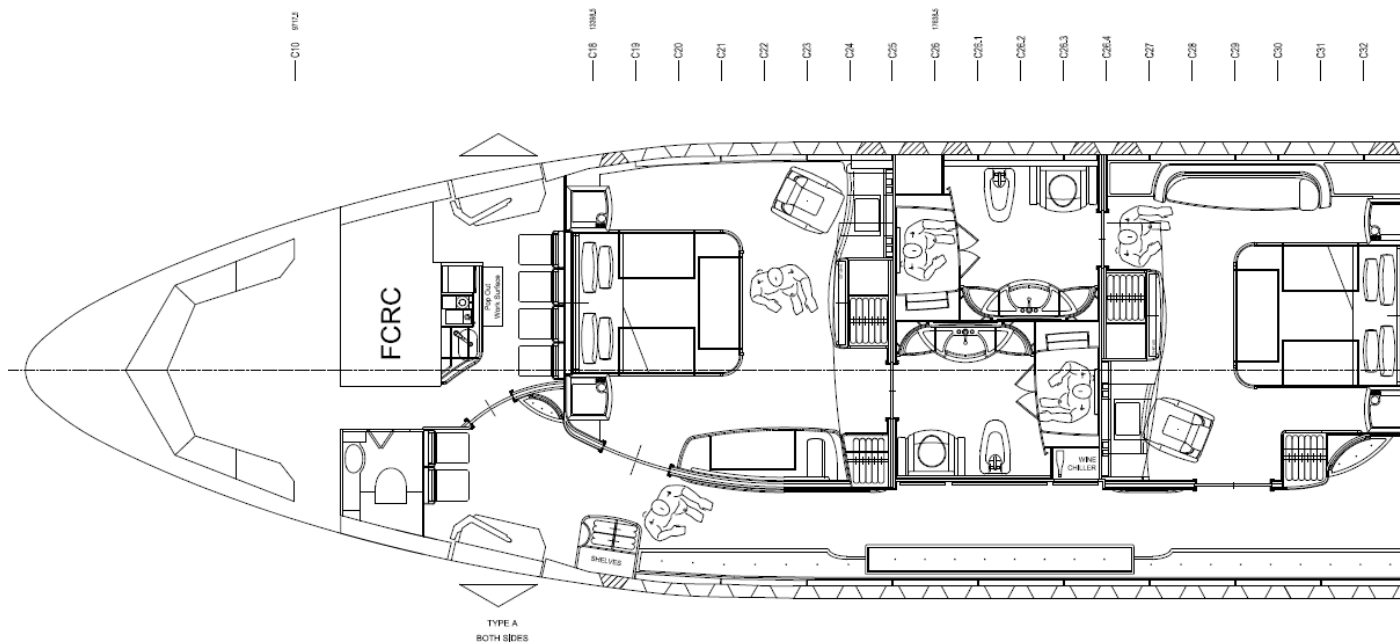

## INTERIOR DESIGN

Together with the Customer and / or its representatives, a primary "Wish List" is compiled, which establishes the nature of the Project. Thereafter, a detailed interior design package is developed for Completion Center bid process and future engineering support. The Design Package comprises of the following:

- 2D drawings (floor plan, elevations, sections, details)
- Photo realistic 3D renderings
- Walk thru movies, VR Oculus Go virtual immersion
- Material selection, definition and presentation boards
- Galley and other equipment definition
- Interior completion specification
- Artworks
- Bid package
- Custom-made and bespoke luxury accessories
- Full scale mock-up

## PROGRAM DEVELOPMENT, MANAGEMENT & OVERSIGHT

Further to design and technical specifications, Studio E/Motions active role in the Program Management is indispensable. It starts from the initial "Wish List" up to the Customer Acceptance Phase, when the aircraft is re-delivered. Typical functions are:

- Bid packages reviews
- Contract analysis and negotiations
- Design integrity reviews with the Completion Centre and Vendors
- Engineering reviews and support to Completion Centre
- On site Completion Centers
- Detail definition support in the cabinet and upholstery workshops
- Galley reviews and inserts integration
- External painting support and monitoring
- Project, schedule and weight motoring
- Quality inspection and acceptance
- Aircraft re-delivery support

## TECHNICAL SUPPORT

Upon Final Design Review, Studio E/Motions monitors and supports the Completion Centre in the development of the Design Package.

This includes:

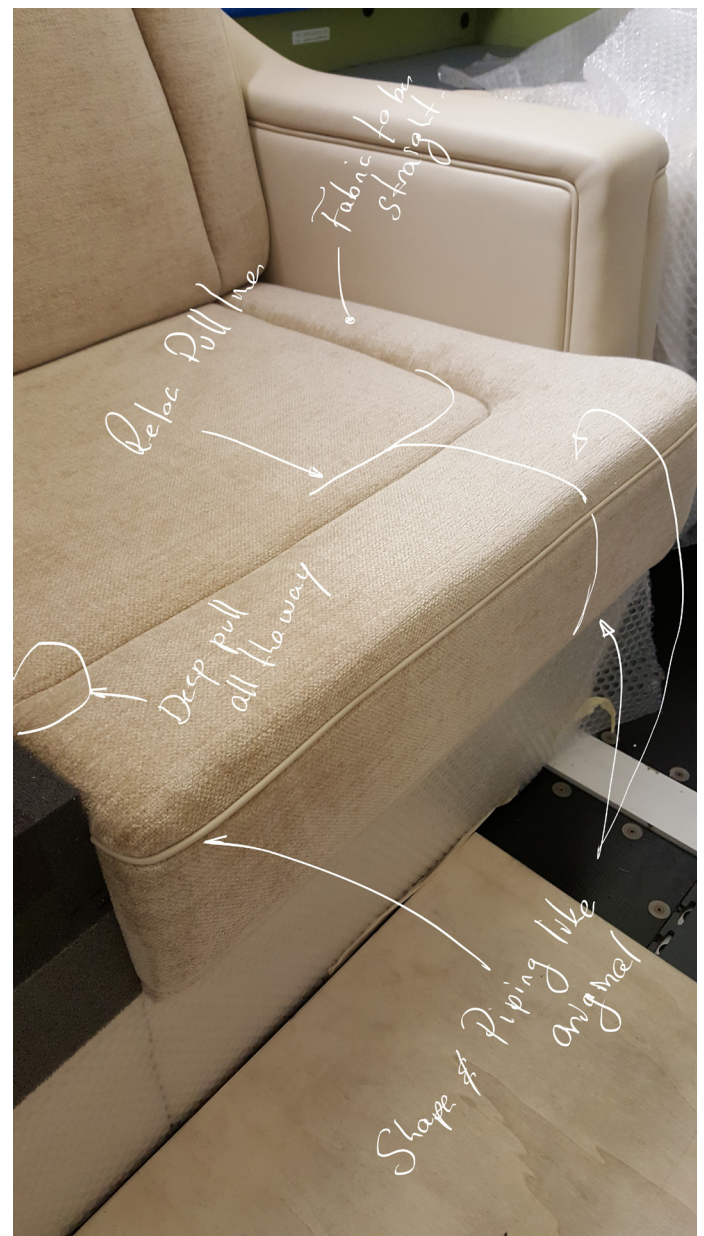

- Aircraft systems definition (SATCOM, entertainment, lighting, switching, air conditioning, oxygen, water systems)
- Entertainment graphical user interfaces, software and hardware development
- Galley and inserts development
- Design detailing and definition to support Engineering and Production of cabinetry and upholstery
- Monitor aircraft performance, weight objectives, user friendly interfaces and maintainability

## QUALITY SURVEY, INSPECTIONS & TESTINGS

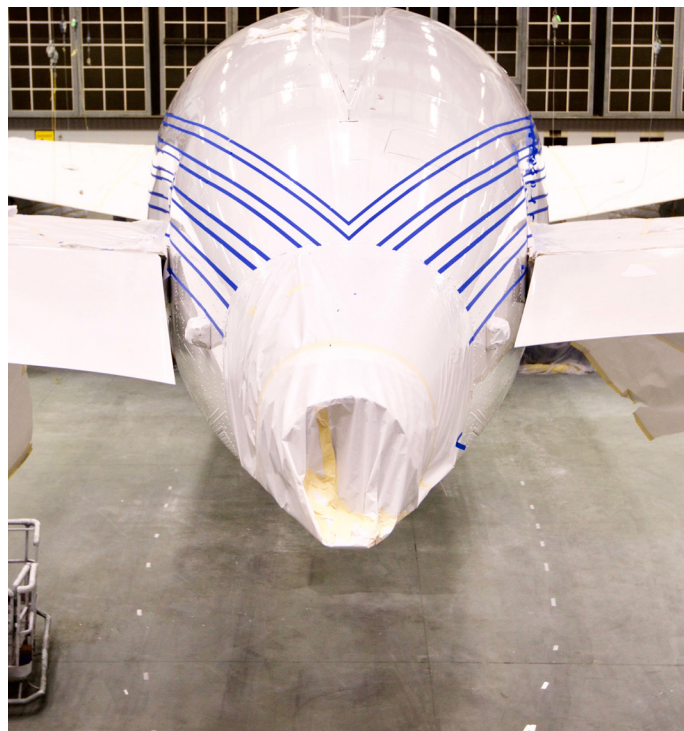

Is an integral part of Studio E/Motions services to ensure "state-of-the-art" quality is aligned with Customer expectations.

The service includes:

- Aircraft incoming inspection
- Inspection of cabinets, seats, and monuments for aesthetics, dynamics and ergonomics standards, etc.
- Inspection of 3rd party systems such as entertainment, graphical user interfaces, and lighting, etc.
- Inspection of aircraft systems such as, acoustics, heating, plumbing, etc.
- Cabin inspection throughout the Completion, with particular attention to design integrity details, weight, systems integration, and maintenance friendly principles.
- Final Customer Acceptance Inspection

Yes, this is us ! .... Back in 2009

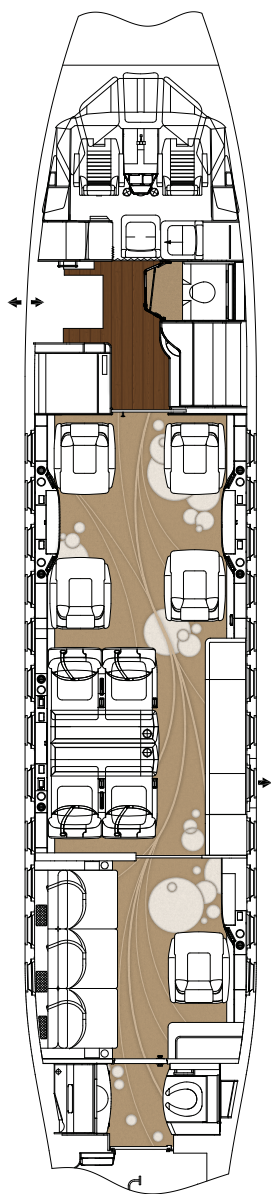

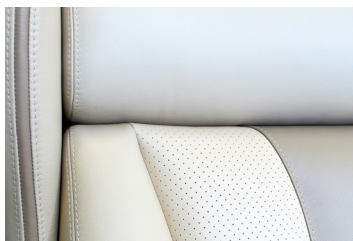

## EXTERIOR PAINT

Typically every Completed Aircraft requires an exterior paint livery. However, there are cases where only this service is requested, and Studio E/Motions Offers the following services:

- Paint Hangar surveys and recommendations
- Contract analysis and negotiations
- Creative livery concepts
- Definition drawings with detailing
- Paint selection & definition
- Specification Paint
- Support the painters with the application of design motif on the aircraft
- On location monitoring and reporting
- Final Customer Acceptance Inspection

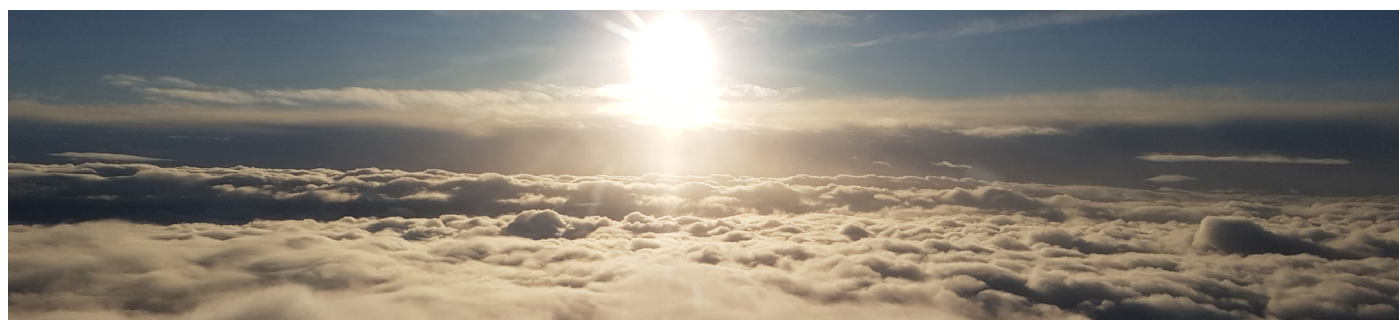

## AIRCRAFT REFURBISHING & MODIFICATIONS

Not all aircrafts are coming new from the factory to be fully completed, but some may be second hand purchase, or, aging cabins requiring partial or full refurbishment. Sometimes with systems updates and partial configuration modifications. In such cases, Studio E/Motions can offer the following services :

- Audit current cabin and identify repair and rework needs
- Identify Customer's wishes
- Provide refurbishment / modification concepts
- "Value for money" advices
- Edit a Rework Specification
- Request Completion Center quotations
- Material selection and Colorboards
- Photo retouching visual concept presentation, or 3D visualizations (if budget allows)
- On site Project survey
- Re-delivery support

## AIRCRAFT DELIVERED

Over the past 20-year history of Studio E/Motions, 15 aircraft type, culminating to a total of 39 aircraft have been delivered.

- 1X B787-8 - Head of State
- 2X B747-8i - Head of State
- 1X B747SP - VVIP
- 2X B777-300 ER - Head of State
- 1X B777-300 ER - VVIP
- 2X B777-200LR - VVIP
- 1X B767-300 - VVIP retrofit
- 1X Airbus A340-200 – Head of State
- 2X Airbus A340-600 – VVIP
- 5X BBJ B737-700 – VVIP
- 1X BBJ2 B737-800 - VVIP
- 1X BBJ3 B737-900 – VVIP
- 1X B757-200 - VVIP
- 7X Airbus A319CJ - VVIP
- 7X Airbus A320CJ - VVIP
- 1X Airbus A321CJ - VVIP
- 1X Gulfstream G550 - VVIP
- 1X Falcon F900 - VVIP
- 1X Falcon F2000 - VVIP
